

ECO-WARRIOR QUARTERLY PIN CHALLENGE

Change starts with action. Better yet, an action that affects the world around you. A Billion Acts of Green are happening across the planet. From students in classrooms to organizers in their communities to officials in government there are ways for anyone of any background to make a difference. Start small and go big — or start big and stay big. Either way, keep coming back, keep taking action and join the movement to change the world. - Earthday.org

Here are some ideas on how Navy Elementary School students can help the environment around us. Complete as many activities as you can or come up with your own ideas to receive this Eco-Warrior pin at the end of the quarter. Pick-up details will be shared later.
