

SCRATCH

CODING & COMPUTER SCIENCE

*Before-School Activity | Grades 2-6 |
Tuesday Mornings | 1/4/2022 - 3/22/2022
Led by Navy SBTS Stacey Sinclair!*

Scratch is a great introduction to coding and computer science concepts. Learn to create your own animations, games, and programs. Think creatively, reason, and collaborate.

This class uses concepts and standards from the K-12 Computer Science Framework. Lessons incorporate key practices and concepts that go beyond creating games. Learn computer science vocabulary and ideas that transfer to future learning.

\$208 for 12 class sessions. Register at:
<https://www.homerom.com/sites/navy-elementary-fairfax>

This activity is sponsored by the Navy Elementary School PTO and is operated independently of the Fairfax County School Board, Superintendent, and Navy Elementary School.
